Dear TASROP,

On behalf of Lakeland Bus Lines Inc. I want to send our thanks and appreciation to you regarding the STW-3 Water Quality Management System that was installed in October 2009. After system optimizing and adaptation to our automated wash system, the STW's performance in recovering and filtering our water and cleansing detergent in our wash bay we have realized an average monthly savings of \$950. We are washing a minimum of 45 buses and up to 70 per day.

Thank you again and we look forward to working together in the future.

Sincerely,

Richard Slezak
Maintenance Supervisor
